

JUNE 1995

Hi Everyone,

SPECIAL NEWS

The day after we sent out the last newsletter we had a notice about an "Angry Anderson Challenge" to be shown on Ray Martin's 'A Current Affair'. We decided it would be good publicity to be part of it and we are hoping to plant 500 trees on Sunday 9th July. For this we will need as many people as possible so please come along and bring friends and relations. (see attached notice and show it around).

For our Park Care day on Sunday 2nd July we will meet at Namatjira Drive entrance and will dig holes etc to prepare the area.

At the June meeting we removed stakes etc from 400 trees at the newest planting and the area now looks much better with the new green trees showing.

If you are going to the Park Care Conference on 16th July please either let me know or contact them direct by 7th July.

Pauline, Gösta, David and I have just returned from a week on Lord Howe Island as part of a group helping the Islanders remove weeds and, after seeing their problems and fighting our way through thick bush to get to the designated sites, we have returned to Canberra thinking our problem is not so bad after all! For anyone wanting a change of scenery we can thoroughly recommend the experience.

Dates to remember:

Sunday 2nd July	Namatjira Drive	1.30pm
Sunday 9th July		10am to 3pm
Sunday 16th July	Park Care Conference, RMC Duntoon	1.30 to 5.30pm

Cheers

Bess (2887536)

P.S. David Mackenzie is co-author of an article in the latest issue of the Soil + Water Conservation Journal - I have a copy for loan.
