

PARK CARE

Hi Everyone,

Black oats season is here again! I spent a couple of hours on Saturday just cutting and still there are thousands left. However, I was rewarded by the sight of two brown snakes mating. I hope my photographs turn out well.

We still meet on Mondays, Fridays and Sundays; anyone wanting to join us give me a call and I'll tell you where we will be.

October will be a very busy month. On Sunday 2nd Brendan Lepschi, a taxonomist, will meet us at Kathner St at 1.30. We will study various sites which are being weeded.

On Monday 3rd the ATC Volunteers begin 3 weeks work on the area immediately west of Mt Arawang. the nearest entrance is from Lincoln Place and up between two houses. Please try to visit the site, even if only to encourage them. I hope someone from our group will be working with them most of the time. volunteers most welcome.

The hobbies and handcraft sale will be on Wednesday 26th October. if you want to sell anything we take 10% for Group funds. There will be marmalades, lemon butter, cakes, paintings, gift ideas, cards etc.

Our long deferred AGM will be on Wednesday 9th November at 7.30. we will make it as short as possible and have a buffet supper afterwards. This is our first official AGM and we need to finalise our incorporation application. We have copies of the latest version of the constitution if anyone would like one. If you have anything you would like discussed at the meeting please let me know beforehand if possible. Please put this date in your diary. we had a marvellous turn out last evening meeting.
