# MEMBERS NEWSLETTER NO 60

## MARCH 1998

Hi Everyone,

I'm sorry about the early newsletter but we are going on holiday. Firstly a huge thank you to everyone who had a part in making my birthday party such a success; I hope you all enjoyed it as much as I did (and didn't we get some good publicity!). We also had a successful Clean Up Day when 13 of our members helped make Canberra cleaner.

I have more plants on order from last year's grant allocation but we will have to see what happens to the weather before we put them in the ground. We have applied for another grant to help diversify the native vegetation in the original planting areas.

Enclosed with this newsletter is a list of current members with their phone numbers and their fields of interest on the Ridge. I hope that it will lead to more exchange of help and information between members, maybe small working groups on each others areas. Newer members will also find a map to help them orientate themselves.

We have been asked to record all we do in connection with Park Care and Cooleman Ridge. I think I have to provide two sets of figures; work on the Ridge and associated activities. If you need a diary let me know and I'll buy in some cheap ones. Please make sure that you sign yourselves on and off when working on the Ridge, I have more time sheets if necessary.

Hopefully whipper snipping time will arrive soon and we can get some of the old grass down so it can rot over the winter. For the April meeting we will go to either Titherage Place entrance and walk up to the fire trail and to the gate near the plantations. There is an area there without a caretaker and in need of TLC. There is old fencing to get up so I hope we get some strong-armed people.

Please let me have your hours and a resume of what you have done during March that weekend.
